

# Travel School Psychologists

## A unique approach to supporting your district

### What is a travel psych?

A travel psychologist typically serves districts in person one week per month and work remotely for the remainder of the month.

### How can a travel psych help us?

Travel psychs provide an array of psychological services! Services may include assessments, counseling, case management, caregiver and staff consultation. We match our psychs with a district based on your needs!

### Skills of a travel psych!

Travel psychs are expert evaluators, who are student-centered, excellent communicators, efficient, and organized. Our travel psychs are well-versed in CA state and federal assessment and eligibility guidelines.

### Why should you hire a travel psych?

Skilled school psychologists are difficult to find. At SPG, we pride ourselves on providing districts with well-rounded travel psychologists who are specially trained for this unique role.

### Are travel psychs worth it?

YES! 100% We have found that travel psychologists are able to exceed district expectations! Travel psychs take on a hefty assessment caseload and work within all timelines.

### Want to learn more?

We would love to chat to share how we can serve your district and tailor our psych services to best support your students and families!
